## Nitto

*Nitto* is a knitted woollen upholstery textile designed by Alfredo Häberli. It especially stands out for its direct approach to colour, vibrant mélange expression and three-dimensional construction.

A micromesh knit, *Nitto* unites two layers crafted with contrasting yarn-dyed unicoloured yarns. The textile's base layer subtly echoes its primarily woollen surface.

Alfredo Häberli: *'The dichroism of the upper and lower layer only becomes visible if you take a closer look. The mixing of colours is, however, subtler, thanks to the fineness of the pattern.'*

As opposed to other knitted mesh textiles, *Nitto* has a plain, smooth surface and the light volume traditionally associated with woven textiles.

It comes in a flexible scale of colourways. This comprises bolder tones that accentuate its sporty character, as well as a series of complementary calm, rich neutrals.

Due to its knitted construction, *Nitto* is particularly stretchable and is therefore ideal for organically shaped furniture. It is suitable for both private and contract spaces.

### Alfredo Häberli

The expansive portfolio of Argentine-Swiss designer Alfredo Häberli includes industrially produced everyday articles, architectural projects and technically sophisticated furniture. His designs particularly stand out for their simplicity and innovative, intuitive use of colours.

A guest lecturer at schools of design and architecture in the US and Europe, Alfredo Häberli has worked with many top design firms. These include Vitra, Moroso, Camper, Luceplan, Thonet and Zanotta. His work has been extensively exhibited.

### Kvadrat Febrik

Febrik was founded in 2013 by Renee Merckx and Jos Pelders. With its versatile collection, innovative approach and collaborative attitude, Febrik challenges designers and architects to think of textiles as the springboard for developing interior concepts and industrial designs.

Kvadrat and Febrik joined forces in 2018. By pooling yarn knowledge ideas and logistical strength, we are bringing a groundbreaking proposition to the world of high-performing design textiles innovation, and aesthetic and functional excellence.
